Introduction

Harvey Springs is a breath taking estate located in the Harvey region of Western Australia. The Mediterranean style barn boasts exquisite timber beams from the iconic Fremantle Wool Store and is nestled amongst mature vines, an olive grove, manicured lawns & vast paddocks.

Our experienced Venue Coordinator has a passion for helping our client's dream weddings come to fruition. We are here to assist you from enquiry stages through the planning stage and right up to the big day, ensuring everything goes to plan.

Things to consider

We have put together some tips to help you plan your wedding at Harvey Springs Estate...

Accommodation

The first thing to consider is will your guests require nearby accommodation? If yes, then we would recommend looking at hotels in Bunbury or Mandurah (each around a 45 minute drive away from the venue) that may offer a discount for your wedding guests.

Adding a personal touch

We know it's important for couples to add a personal touch to their weddings. You may like to consider your own décor pieces, centrepieces, floral arrangements and signage to add a personal touch to your wedding. All other equipment is provided but you can outsource these items too if you wish.

Travel

Once you have thought about where you and your guests may like to stay, consider if you would like to provide an option for travelling to and from the venue. If this is something you'd like to provide we have listed recommendations for reliable bus charters below...

Recommended Vendors

Feel free to reach out to our recommended vendors. Each is familiar with the venue and can assist in making your special day run smoothly...
